Profile

Web Developer with expertise in developing scalable full-stack applications using React.js, Node.js, and MySQL/MongoDB. Proficient in authentication, REST APIs, and UI/UX design. Demonstrated leadership and collaboration skills in project environments, with a strong interest in cybersecurity and AI automation. Committed to continuous learning through internships and personal projects..

Experience

WEB DEVELOPER | E-PARBHIDI | NOVEMBER 2024 – PRESENT

- Promoted from intern to full-time Web Developer after 3 months of intensive training and hands-on work.
- Developed and maintained dynamic web apps using React.js, Node.js, MongoDB, and MySQL.
- Designed responsive UI/UX interfaces ensuring cross-device compatibility and performance optimization.
- Integrated third-party APIs, improved site speed by 50% through code refactoring and optimized queries.
- Collaborated on scalable web solutions with backend teams and resolved critical bugs with precision.

Education

RAJARSH JANAK UNIVERSITY, JANAKPUR, NEPAL

Bachelor: Computer Application, Expected in 12/10/2028

- Pursuing
- Full Scholarship Awarded by E-Parbhidi

Skills & Abilities

- Languages: HTML, CSS, JavaScript, SQL, Python
- Frameworks & Libraries: React.js, TailwindCSS, Express.js, Shaden UI, Hero UI
- Databases: MongoDB, MySQL, Prisma, Mongoose
- Tools & Platforms: Git, GitHub, Postman
- Concepts: Authentication & Authorization, REST API, Deployment, WebSockets
- Soft Skills: Team Collaboration, Problem-Solving, Leadership, Rapid Learning
- Responsive design principles
- Collaboration and teamwork
- Problem solving and critical thinking
- Time management strategies
- Debugging and testing methodologies
- Code review practices
- Version control with Git and GitHub
- Web analytics and SEO optimization
- UI and UX design principles
- Application deployment techniques

- Authentication and authorization processes

Projects

📁 Real-Time Chat App

Built a modern chat platform with animated UI, real-time messaging, and typing indicators using Socket.IO and React.

Integrated user authentication, private/group chat features, and optimized UI transitions.

📁 Student Portal

Developed a student dashboard for course tracking, results, notices, and assignment management with full-stack stack.

Integrated secure login and role-based access control for students and admins.

📁 Note Sharing App

Full-stack web app enabling students to upload, view, and organize notes semester-wise with filters and search functionality.

Developed with React, Node, MongoDB, and TailwindCSS.

📁 Full-Stack Portfolio Website

Personal portfolio highlighting projects, experience, and blog with mobile-first design and animations.

📁 Music Web App *(UI-focused)*

Designed a clean, animated UI for a modern music streaming experience using Tailwind and React components.

Certifications & Leadership

- Web Development Training, IT Training Nepal, 11/24, 03/25
- Internship (Web Development), E-Parbidhi, Ongoing
- Team Lead, Hult Prize Participation, Led 'Team Ekta' in the Hult Prize competition with the theme: 'Eco Ride, Easy Life'. Coordinated planning, research, and presentation efforts for sustainable urban mobility.
